

New York Jan 9/58

Prof Gray

Sir: We send by Express to
Cambridge yr Mss. to day, hoping its safe
arrival - Very beautiful & adapted - and
a pity to lose a word: but we are never
theless glad you determine to abridge the
first part, even to the extent named. The 1st
Book is printed & in binding - looking very well.
We will send you a copy next week. Have you
seen the review in the North American
Medico Chirurgical Review? We shall send them
the revised 1st Book: wd thank you to name
some scientific & medical friends or personages to
whom we may send copies with hope of good.

Very Truly Yours &c.

Lewis & Phipps
B.
